ASBESTOS CERTIFICATION FORM

The Virginia Uniform Statewide Building Code requires that to be renovated or demolished shall be inspected for the presence of asbestos-containing materials and unless subject to exemptions, the appropriate response actions shall be undertaken (see Section 110.3 of the Virginia Uniform Statewide Building Code). This form shall be completed by all applicants for building permits to renovate or demolish a building or structure. This form **must be** signed by the owner or an authorized agent of the owner and **one of the applicable boxes must be checked.**

Owner Name

Owner Address

Address Where Work Is To Be Performed

AS OWNER, OR OWNER'S AGENT, OF THE ABOVE BUILDING, I CERTIFY THAT:

- () The building permit for the original construction of the building listed above was issued after January 1, 1985; therefore, the building is not subject to asbestos certification requirements.
- () The combined amount of regulated asbestos-containing material involved in the renovation or demolition is less than 260 linear feet on pipes, or less than 160 sq. ft. on other facility components, or less than 35 cu. ft. of facility components where length or area could not be measured previously, and is exempt from asbestos inspection requirements.
- () The affected portions of the above building have been inspected for the presence of asbestos by an individual licensed to perform such inspections pursuant to Code of Virginia Section 54.1-503 and that no asbestos-containing materials were found.
- () The affected portions of the above building have been inspected for the presence of asbestos by an individual licensed to perform such inspections pursuant to Code of Virginia Section 54.1-503 and that appropriate response actions will be undertaken with the requirements of NESHAPS (40 CFR 61, SUBPART M) and the asbestos worker requirements established by OSHA (29 CFR 1926.1101).
- () The building permit application is only for repair or replacement of roofing, floor covering, or siding materials. The materials to be repaired or replaced are assumed to contain friable asbestos and the appropriate response actions will be accomplished by a licensed asbestos contractor or licensed asbestos roofing, flooring, siding contractor. **(Local educational agencies that are subject to the requirements established by the Environmental Protection Agency under the Asbestos Hazard Emergency Response Act (AHERA) shall also certify compliance with 40 CFR 763 and subsequent amendments thereto.)**

In addition to the above, I also certify that any asbestos abatement area will not be occupied until all response actions have been completed.

Signature of Owner or Agent

Date

CAUTION: While proper completion of this form satisfies Section 110.3 of the Virginia Uniform Statewide Building Code for permit issuance, notification of applicable state or federal agencies may be required.
